**ALL 2025-2026 DEER MEAT WILL BE
PROCESSED BEGINNING IN JANUARY OF 2026
or as time allows!**

NOTE: Due to our high volume and goal of delivering quality products, we use batch processing and cannot promise that you will get your own meat back. However, we take great pride in our products and process them with the utmost care.

For the best results, we ask that your wild game is properly cleaned and cooled before you bring it in. We reserve the right to refuse any trim not properly handled. Treating your venison with care will yield a higher quality product!
