

We add pork to many of our specialty products to add flavor, juiciness and texture so you will have the finest possible product to take home and enjoy.

We make our specialty products all year long, not just during deer season.

We take pride in our products and hope that you will too.

For the best results, we ask that you would make sure your wild game is properly cleaned and cooled before you bring it in. **We reserve the right to refuse any trim not properly handled.** Treating your venison with care will yield a high quality product.

**NOTE:** Due to our high volume and goal of delivering quality products, we use batch processing and cannot promise that you will get your own meat back. However, we take great pride in our products and process them with the utmost care.

All processed deer must be picked up and paid for in full within ten days after you receive a call that it is ready. Deer not picked up will be subject to a storage fee.

Additional remarks:

- **ALL orders for the 2024-25 deer season will be processed in January of 2025 unless time allows.**
- We require a 50# minimum of meat (including pork) and a #20 minimum for each different item ordered.
- In't Veld's figures 10% shrinkage for bologna/summer sausage and 20% shrinkage for meat sticks.

In order to simplify pricing, the pork products, spices and/ or cheeses used for processing are included in the processing price. No confusing multipliers or formulas to figure costs.

Prices include vacuum packaging on all smoked products. Jerky and sticks will be packaged in a vacuum sealed pouch.

Prices are subject to adjustment without notice due to changes in seasoning, beef and pork costs.
